Subject: PMAP EXECUTIVE NIGHT SPEAKER

Dear Dave:

For all intents and purposes, our speaker will handle his own arrangements both coming and going. One of his staff men, [redacted] advised that he would, in all probability, accompany Mr. Knoche on the 19th and make the reservations.

STAT

As to press interviews -- [redacted] indicated that none would be requested. However, should the press inquire as to Mr. Knoche's availability during his speaking engagement, they are to be told that he will be available informally prior to the meeting. We may wish to arrange for a private room should the press pursue the interview matter. Any discussion is to be informal and off-the-record. Copies of Mr. Knoche's talk will be available for the press. One last comment, should our publicity people be contacted by the press requesting an interview, they are to advise [redacted] no later than April 15. He can be reached at the CIA by phone -- the number is [redacted]
